

# TRAINING OF TRAINERS on Data Stewardship for Open Science 02/2021

## AIMS AND OBJECTIVES

Academy of Sciences Malaysia and the Malaysia Open Science Alliance, Working Group on Capacity Building and Awareness are pleased to announce a call for participation for the second batch of Training of Trainers on Data Stewardship for Open Science. The aim of this programme is to equip future data stewards with competencies and expertise in data stewardship for Open Science. Upon completion of the training, participants will be able to understand the concepts and skills of Open Science and data stewardship, as well as able to apply Open Science practices and play the role of data stewards within an organization.

## WHO CAN APPLY?

The training program is open to librarians and research managers in Research Universities in Malaysia who are currently employed full time, have an interest in data stewardship and Open Science, and are motivated to be future data stewards in Malaysia.

## ABOUT THE TRAINING PROGRAM

The Training of Trainers program is divided into two sections: (mandatory for all participants)

**Part I : Online training on Open Science Skills**

**Part II: Online Training on Data Stewardship**

**Both the courses offered needs to be completed between 16 March 2021 - 1 June 2021** (approximately 12 weeks)

Participants will have engaging sessions with experts in Open Science, and will be trained by Certified Data Stewards recognized by Certified Information Management Professional.
